

AMERICAN JOURNAL OF HEALTH STUDIES
REVIEW ACTIVITY

Objectives: Upon completion of this review activity, you should be able to do the following:

- ❶ Describe the impact of the Ohio Comprehensive School Health Conference on the Health behavior of faculty from attending school districts.
- ❷ Describe the relationships among alcohol consumption, sexual assault and rape, and nonsexual violence in a college population.
- ❸ Identify suggested prevention efforts related to alcohol consumption, sexual assault and rape and nonsexual violence in a college population.
- ❹ Describe reasons why the church can be considered as a place for diabetes screening and health education.

After completing the required readings, type the appropriate response for all questions related to each article. All answer sheets must be clearly numbered and TYPED. For questions requiring listings, each item in the listings should be no longer than a phrase or a sentence. For those questions requiring a description, the description should be 2-4 sentences. Specific directions will be provided for other types of questions. Please remember to include your **name, address and CHES #** at the top of each page of your answer sheet.

I. Alcohol Related Violence and Unwanted Sexual Activity on the College Campus (p.1).

- 1 Describe the purpose of the study.
 - 2 Describe two limitations of the findings of this study
 - 3 Describe the recommendations made for primary, secondary and tertiary prevention efforts.
-

II. The Impact of Ohio's Comprehensive School Health Conference on the Health Behavior of Faculty from Attending School Districts (p. 21).

- 1 Describe the main purpose of the Ohio Comprehensive School Health Conference.
 - 2 Describe the four levels of the evaluation plan developed for the conference.
 - 3 Describe the conclusion based on the results of the Martin Index of Health Behavior.
 - 4 Describe the conclusion based on the results of the Behavioral Intent Index.
 - 5 Describe three suggestions made by the authors for future research.
-

III. Diabetes Screening and Health Education at Roman Catholic Churches along the West Texas Mexico Border (p. 48).

- 1 Describe reasons why churches can serve as an ideal setting for health education programs.
 - 2 List the reasons cited by the respondents for endorsing the church as a site for diabetes screening.
-
